

Progress Report # _____ Course _____

Name: _____

Due date: _____

What topics have been covered since your last report?

What topics have been covered in total?

What you have accomplished since your last report:

How you worked the prior week's concept(s) into your project. Be specific: don't just say "I added loops," tell me what they're actually doing in your code and why you built it that way.

What are you stuck on, still figuring out, and/or plan to do next?
